## Smiles for Dimes

Mary Ann Dysart, six, of Licking County (Ohio) would practice walking far into the night if the nurses at Columbus Children's Hospital would let her. Ever since polio paralyzed both her legs, Mary knows what it means not to walk. Now with the aid of crutches, she is on her feet again. Thousands of polio patients are depending on you for their recovery from this dread disease. You can help by a generous gift to the 1954 March of Dimes, which ends January 31.

## Vanderbilt Prof Under Fire

A minister scheduled as a speaker for the Ohio Pastors' Convention held in Columbus this week was charged by the Rev. William Ashbrook, pastor of Calvary Bible Apostolic for the Marxian philosophy. The speaker under fire is Dr. Nels P. S. Ferre, Congregational minister and professor of philosophical theology at Vanderbilt University.

Rev. Ashbrook quoted from Dr. Ferre's book, "Christianity and Society," page 239.

"If Marxism conquer the whole world, this might be merely the prelude in economic arrangement to the blossoming forth within it of the deeply-sown seeds of Christian faith and expectations."

Those responsible for arranging the program were asked the following questions by the Rev. Ashbrook:

"Did you know that Dr. Ferre held such beliefs as the above? Do you hold similar beliefs to this man? Now that you are aware of these... pro-Marxian leanings, do you still plan to have him speak at your convention?"

The director of the Ohio Council of Churches, Rev. Henry Shillington, said he wished to withhold comment on the charges until, as he put it, he had an opportunity to get the books and study Dr. Ferre's writings."

## Local Jersey Really Produces

A Jersey belonging to Chester Folck and Sons, Springfield, Route 4, has won top production honors among cows belonging to members of the Springfield Jersey Cattle Club.

The animal, "Muriel Volunteer Prime," in 305 days produced 691 pounds of fat and 13,569 pounds of milk, mature equivalent basis. The actual record for the cow, nine years and eight months old at the beginning of the test period, was 633 pounds of fat and 12,437 pounds of milk.

The Folcks also had the high producing herd under official test. The Folck Jerseys averaged 329 pounds of fat.

The owners of the top Jerseys, Elmer Brewer, Elden Crabill, and Chester Folck, were recognized at the annual dinner meeting of the Springfield Jersey Cattle Club in Enon High School last week.

Elected to serve on the club's board of directors at that session were Charles Schneider, Elmer Brewer, Blair Flock and Richard Witt.

Officers of the club will be chosen by directors February 3 at a meeting in the home of Robert Swaby.

Richard Williams, four-year old son of Capt. and Mrs. Thomas Williams is in the WPAFB hospital for minor surgery.

## Villages To Get It In Neck

Smaller Ohio cities will get a break on building new major thoroughfares in their cities. The State Highway Construction Council has adopted a formula suggested by Highway Director S. O. Linzell that sets up payment of engineering and construction costs according to the city's size.

Previously, before the council existed, the highway department asked all cities, regardless of size, to pay 25 per cent of these costs.

To receive council help on major thoroughfares inside their limits, all cities must pay one-quarter the costs of acquiring right-of-way. Engineering and construction costs range from five per cent for cities with population of 5,000 to 38,000; 15 per cent from 38,001 to 100,000 and 25 per cent for cities with populations over 100,000.

On resurfacing and widening projects, all cities must pay half the engineering and construction costs, the council said, and must pay all the costs of buying right of way and making utility adjustments.

Ohio law requires the state to maintain state highways inside villages—communities of less than 5,000 population—when proper village officials make requests.

But the council said it will ask villages to contribute five per cent of the total construction and engineering costs on widening and resurfacing projects.

In all cases, the village will pay all of the public utility adjustment costs.

The council is charged with maintaining and improving 6,200 miles of state roads classed as major thoroughfares.

## Methodist

### Sermon Topics

Rev. Thomas Smith will have as his sermon topic this Sunday, "What are You Doing to Make God a Reality for You." The morning worship services will begin at 10:40 a.m. and the Junior Choir will sing Link Shepherd, from the Methodist church in Xenia, will show pictures of a trip through western and northwestern United States, Brazil, Canada, and Hawaii to the members of the Youth Fellowship, Sunday night at 7:00.

The Gibbonian Class will meet at the church Friday night at 6:30 for a covered dish dinner. Everyone should bring a valentine.

Any men interested in ushering church service please attend a meeting February 3, at 7:30 at the church.

The Methodist Men and the Mizpah Bible Class will meet Monday night at the church.

## DO IT Yourself

If your food budget seems to be increasing at the same rate as the national debt, ignore the new don't do it Yourself items advertised so extensively these days. They are fine and save much time and trouble, but so many of us are willing to make our own drapes, or refinish that old table and save money that shows up on the budget once or twice a year. A few minutes spent every day in the kitchen will save pennies a day dollars a week and in a yearly budget will show quite a saving.

In cooking three meals a day for a family of four these figures were compiled to show you just what is saved in money and time. The meals when home prepared cost 4.00 and when purchased partially prepared, \$5.80 and when bought ready to serve, \$8.70. That is a saving of \$1.80 in just one day. Of course, from the angle of time the saving was reversed. The home prepared meals took 5.5 hours to prepare, partially cooked meals took 3.1 hours to prepare and the ready to serve meals only 1.6 hours.

## Little Stinkers

Two boys, aged 16 and 17 were being held in the Greene County Detention Home after being picked up by Yellow Springs police Wednesday night as runaways from Flint, Mich. Chief Juvenile Officer Robert McCafferty disclosed the youths are being held for their parents.

## New Funeral Service March 1

Kenneth W. Coffman of Xenia, will open a funeral home at 322 Xenia Ave. on March 1, 1954, offering to the public 24 hour ambulance and funeral service. Mr. Earl Littleton will be a member of the staff.

The son of Millard and Margaret (McCarthy) Coffman, he was born in Yellow Springs, March, 1925, and has spent most of his life in this vicinity. Upon graduation from Coffman served in the armed services with the 25th Infantry Division in the South Pacific theater. After his discharge from the army he attended and was graduated from the Cincinnati College of Embalming and later served on the staff of the Need Funeral Home in Xenia, Ohio.

Since April, 1953 Mr. Coffman has been associated with the Western Adjustment and Inspection Co. of Dayton, as an insurance adjuster. He is married to the former Marilou Bertrand of Yellow Springs and they have one daughter Carol Anne, age two. The Coffman family plan to move to the Xenia Avenue address this week. They are members of the Presbyterian Church and Mr. Coffman is affiliated with the Masonic Lodge.

Remodeling and redecorating is under way now and it will be known as the Coffman Funeral Home.

## Ballentine-Hosket Vows Spoken

In a ceremony performed in the Evangelical United Brethren Church at Sulphur Grove, Miss Janet Mae Ballentine, near Dayton, became the bride of Mr. Jack Raymond Hosket of Yellow Springs Saturday Jan. 22, at 7:30 p.m.

The bride is the daughter of Mr. and Mrs. Glenn K. Shoup, Taylorsville Rd., near Dayton. Parents of the bridegroom are Mr. and Mrs. Carl Hosket of Yellow Springs.

Rev. Edwin Pellett officiated at the double ring service.

Miss Anita Bergman attended the bride as maid of honor and bridesmaids were Mrs. Leonard Bishop and Miss Irene Hageman. Miss Bergman appeared in a gown of aqua crepe and the bridesmaids wore coral crepe. They carried coral-tipped carnations and wore headbands of matching flowers.

The bride, given in marriage by her stepfather, wore a ballerina-length gown of white net over satin. An all-lace jacket was worn over the fitted bodice. Her veil of illusion tulle was caught to a lace cap edged with loops of small pearls and she carried white stephanotis centered with white orchids.

Mr. Ralph Hosket, brother of the bridegroom, served as best man and two other brothers, Messrs. Charles and Robert Hosket, were ushers.

Following the ceremony a reception was held in the social rooms of the church and later the couple left on a trip to Buffalo, N. Y.

Mrs. Hosket is a graduate of Springfield Public High School and Mr. Hosket was graduated from Bryan High School at Yellow Springs. He also is a graduate of Wittenberg College, Springfield, and is a member of Pi Kappa Alpha Fraternity.

## Jewelry Classes

Beginning this Wednesday night at 7:30 p.m. there will be a series of Teen Canteen Crafts Nights which will feature copper jewelry-making, and will be taught by Roger Brucker. All Bryan Students are invited, and the only cost will be the copper, as the use of tools and facilities at the Mills House will be free. There will be an exhibit of crafts in the school library next week, sponsored by the Arts Association, sponsors of the Wednesday night session.

## Cub Scouts

CARL DALRYMPLE  
Reporter

We met at Richard Furay's house Friday. First we went to the basement to work on our posters. Then we went upstairs. Richard played his steel guitar. Then we practiced our songs.

Mrs. Alton Prince's home and is doing nicely after a trip to the hospital for minor surgery.

## Bryan Rolls To Victory

### Rah! Rah!

By KEITH SHERIDAN

Bryan defeated a strong Ross team Friday night, 47-34. Bryan owned a first quarter lead of 12-10, and a half-time lead of 23-17. In the last quarter Ross couldn't get the ball through the net as Bryan romped to its first league victory in four starts.

Dale Smith was high man for Ross as he collected 12 points and Massie got runner-up honors as he got 8 markers.

Big Ronnie Fisher was high for Bryan as he pounded the nets for 20 points. Bill Mefferd took second best as he got 10 points with beautiful set shots about the half-way mark.

After four rounds of play in the Greene County League, the standings are as follows:

	WON	LOST
Jamestown	4	0
Bowersville	4	0
Cedarville	3	1
St. Bridg	2	2
Bryan	1	3
Bellbrook	1	3
Spring Valley	1	3
Ross	0	4

	F.P.	F.	TOTAL
R. Fisher, f	14	6	20
B. Mefferd, g	10	0	0
J. Bixler, f	8	1	9
D. Blackwood, g	0	0	0
D. Hull, g	0	0	0
L. Sec, c	4	8	8
TOTAL	47		

## THE BULLPUPS

The Bryan Reserves were never in danger as they taught Ross a basketball lesson and glided to an easy 47-31 victory.

Sigurd Knemeyer, who took over center position while Al Mercer is out with an injury, did a very fine job of controlling the bankboard and also scored 8 points.

Daryl Dawson was high for Bryan as he poured 12 points through the net. Alis Falkmanis who is one of the most improved players on the reserve's helped very much by contributing 8 points.

Box Score:	F.P.	F.	TOTAL
D. Dawson	10	2	12
A. Folkmanis	4	4	8
S. Knemeyer	8	0	8
M. Velsey	4	3	7
C. Henry	4	1	5
J. Bradley	4	0	4
D. O'Garra	0	2	2
R. Acton	2	1	3

Friday night Bryan will play host to Springfield Valley's Spartans. This promises to be a good game as both teams are tied for fifth place in the League. There will be an added attraction as Bryan's Trampoline team will perform between the halves of the Varsity game. The team consists of Gabriel Knecht, Doris Beam, Judy Hayes, and Ellen Pillard, for the girls and the boys that will be on hand are Tom Pess, Dan O'Garra, Jerry Pleh, and Charles Weller. If you like action be on hand Friday night, January 29, at the High School Gym.

## Fifty Firemen Lose Battle

Fifty firemen from Xenia Twp. North and South, Fairborn and Yellow Springs Departments battled a blaze caused by a defective flue which completely destroyed a two-story, 13-room frame house on Stevenson Rd. Friday afternoon.

The alarm came at 13:05 p.m. and some firemen remained until 3:30 this morning. An estimate of the loss has not been determined, firemen stated.

The property was occupied by M. E. Anders, firemen said. Most of the furniture downstairs was saved but contents on the second story were lost completely, firemen said.

A high wind carried the blaze toward a barn and a tool shed, making it rather difficult to combat firemen disclosed. No flames reached the two buildings, however, as firemen kept them wet to prevent spreading. Plenty of water was available firemen said.

It was said that the property was partially covered by insurance but that loss was unknown. No injuries were reported.

Mr. and Mrs. Anders are residing with their son and daughter-in-law, Mr. and Mrs. Abe Anders, on Kinsey Rd.

## Scholarship Open To Senior Boys

Senior boys in Greene County County high schools are eligible for the George Mead Jr. Scholarship to Yale University for which candidates are being sought.

The four-year scholarship is in memory of Lt. George H. Mead Jr. of Dayton, who graduated from Yale in 1941 and was killed in action while serving with the Marines on Guadalcanal on Aug. 19, 1942. The scholarship is administered by the George Mead Jr. Scholarship Fund with headquarters at 131 N. Ludlow St., Dayton.

The candidate will be selected on the basis of scholarship, need character and the attributes which indicate leadership. The scholarship includes the monthly profit share and overtime payments. Company sockmen estimated that by the end of the current fiscal year in March Bean employees will have earned profit shares of \$103,900. Employee profit share payment during the previous fiscal year totaled \$59,822.79, it was announced.

## ANTIOCH ACTIVITIES

"Out of Confusion" by M. N. Chatterjee (retired from Antioch faculty last year), published by Antioch last week end. The preface is by Arthur Morgan.

The faculty meeting last Monday continued the current series on the faculty role in community living. The proper use of public social space has been under discussion for a past number of winters but seemingly has gotten no where.

President McGregor stated in assembly last week that the problem of irresponsible behavior of students, though small, is growing.

The Area Theater was given approval last week to make plans for a winter theater program of eight or ten plays also for the investment of over \$41,000 on repairs etc., to the foundry building.

Minority Group Relations is making plans for four meetings on F.E.P.C. They hope to have a sociologist, a state senator voting against the bill, a liberal-employment policy-Yellow Springs area employer and a Springfield union leader.

The Pacifists Study Group which meets each Wednesday in Rockford Chapel at 7:30 p.m., heard Ralph Templin speak on "India's non-violent struggle for independence."

There will be no RECORD printed this week due to proficiency exams.

## Greenview-New School District

Foundations were laid last week for a new school district in Greene County. Members of the Ross and Silvercreek local boards met to consider the plan drawn up by the local administrators, for a possible merger of present school resources.

Details of the plan released this morning provide for a district with a new name (1) Greenview Local School District.

(2) Students in the first five grades will continue in their present location. (3) All the sixth, seventh and eighth grades will attend the North School and (4) all the upper four grades will enroll in the South School. The enrollment at North School will be 330, at South School 555. (5) The new high school will offer 45 different subjects each year for a complete annual program. (6) The Junior High program will be enlarged to include English, Social Studies, Mathematics, Science and Health, Home Economics, Shop, Music, and Physical Education. (7) A more complete instrumental music program will be presented. (8) A complete program of Physical Education and Health will be offered to girls in both schools. (9) There will be a complete Junior High Athletic Program. (10) A Vocational Agriculture program will be included in the Senior High School.

The Boards plan to hold public meetings the week of February 1st to 5th to present the plan to the local communities and following that, the Boards will consider joint resolutions asking the Greene County Board of Education to create the new district. Details of membership on the new Board of Education will be worked out between the local and county boards of education.

"Smoke-Eaters" To Meet At Bowersville

The Firemen of Jefferson township will be hosts, Friday, Feb. 5, 8:00 P.M., to members of the Greene County Fireman Association at Bowersville.

## MORRIS BEAN EMPLOYEES GET PAY INCREASE

All employees of Morris Bean & Company now have a special reason for looking forward to February 1st.

On that date, each employee of the local firm will receive a sixteen cents per hour pay increase in his base rate. Announcement of the pay boost was made by Mr. Bean at an employee-employer meeting held Tuesday.

Local observers regard the action of Morris Bean & Company as evidence that gloomy predictions of a general economic recession are without foundation.

Five cents of the increase granted are the annual improvement increase granted by the firm. In addition, eleven cents of the 19% "cost-of-living" factor is to be incorporated into base pay rates.

Improvements in insurance and vacation policy were also announced Tuesday. The company will continue its five per cent annual improvement factor by granting another increase in February 1955.

Average weekly earnings for hourly paid employees of Morris Bean & Company from April thru December were \$91.71. (Beats the newspaper business.) This figure includes the monthly profit share and overtime payments. Company sockmen estimated that by the end of the current fiscal year in March Bean employees will have earned profit shares of \$103,900. Employee profit share payment during the previous fiscal year totaled \$59,822.79, it was announced.

During the Tuesday meeting, various phases of the business operation were discussed by Mr. Bean and members of the executive committee of the firm. Eighty employees own stock in the business and control over fifty per cent of the stock, it was revealed.

Employees who were not eligible to purchase at the time of the last stock offer to employees are now offered an opportunity to become stockholders, it was announced. The employee meeting was held in the new plant addition. Some molding operations are scheduled to move into the new structure this week. In the near future the machine and pattern shops will move to new quarters at the west end of the new building.

Discussing the business prospects for 1954, Mr. Bean informed the employees that orders are currently at a new high for the firm. Prospects for continued capacity operations seem good for both the Yellow Springs plant and the Cedarville Ductile Iron Foundry, he said.

During the final part of the meeting, each employee was given an opportunity to ask questions. Inquiries were discussed by a panel made up of Mrs. Morris Bean, Messrs. Bean, Beatty, Hollister, Wachter and McPhaden. The question-and-answer period was moderated by Mr. Sikes.

## Lloyd Benham Bryan Hi Principal

As of February 1, there will be quite a few changes made at the Hi School. Mr. Lloyd Benham, veteran Bryan teacher, was promoted to the position of principal of the high school, to replace Mr. Halchin who had heretofore served a dual role as superintendent and principal.

Two new teachers, Miss Norma Jean Sillis, and Mr. Paul Melchert, have been hired for the faculty. Miss Sillis, a native of Buffalo, Ohio received her degree from Ohio State University. She will take Mrs. Benham's place as commercial geography instructor and will also teach American History, reading and spelling and world history. Mr. Melchert received his degree from Elm-

hurst College, Illinois, and his M.A. from Ball State Teacher's College in Indiana. Mr. Melchert will teach arithmetic, science, and Tth Grade physical education.

The fact that these two new teachers are taking over classes, presently taught by Mr. Gower and Mr. Schickendantz, as well as Mr. Judd and Mr. Halchin will enable the teachers to do more remedial work with the students—that is, helping them with their subjects while in study hall. Mr. Halchin will teach no classes.

One of the biggest changes to be brought about this semester will be the switching of the seventh grade to two rooms, where they will be instructed without changing classes. Mrs. Barry and Mr. Melchin will teach most of the seventh grade subjects.

What Is Role Of Pastors

Dr. Eugene C. Blake, stated clerk of the General Assembly of the Presbyterian Church in the U.S.A., in speaking last Monday to 1,500 persons attending the 4-day session of the 35th Ohio Pastors' Convention in Columbus, used as his theme "Don't underestimate the power of the pulpit in current affairs." Mr. Blake said pastors may "properly comment from the pulpit on current issues." But he remarked that the preacher apart from his Bible is no authority on anything.

Preaching based on the Bible is the only preaching that has value in commenting on social issues, the church official declared.

The Rev. W. Henry Shillington, convention director said discussions will center on today's Christianity and how its message can be carried affectively in the atomic age. In keeping with this theme, one key speaker will be Dr. William G. Pollard of Oak Ridge, Tenn., an atomic physicist who was ordained an Episcopal deacon a year ago.

## Cyclist Injured Driver Jailed

Ebert Campbell, 38, of 134 Lyle Ave., Springfield, suffered a sprained right leg following a motorcycle auto accident Saturday at 3:50 p.m. on Route 68, in which he and Roy Givens, 38, Clifton, and Earl Tener, 47, Springfield Route 4, were involved, the State Highway Patrol reported. Campbell's cycle was travelling north and was struck from both sides by Givens' and Tener's autos, patrolmen said.

Givens was fined \$200 and costs in Municipal Court, with \$100 suspended, three days in jail on a charge of driving while intoxicated, and \$100 and costs and -0 days in jail for leaving the scene of an accident. His drivers rights were revoked for a year.

ing the previous fiscal year totaled \$59,822.79, it was announced.

During the Tuesday meeting, various phases of the business operation were discussed by Mr. Bean and members of the executive committee of the firm. Eighty employees own stock in the business and control over fifty per cent of the stock, it was revealed.

Employees who were not eligible to purchase at the time of the last stock offer to employees are now offered an opportunity to become stockholders, it was announced. The employee meeting was held in the new plant addition. Some molding operations are scheduled to move into the new structure this week. In the near future the machine and pattern shops will move to new quarters at the west end of the new building.

Discussing the business prospects for 1954, Mr. Bean informed the employees that orders are currently at a new high for the firm. Prospects for continued capacity operations seem good for both the Yellow Springs plant and the Cedarville Ductile Iron Foundry, he said.

During the final part of the meeting, each employee was given an opportunity to ask questions. Inquiries were discussed by a panel made up of Mrs. Morris Bean, Messrs. Bean, Beatty, Hollister, Wachter and McPhaden. The question-and-answer period was moderated by Mr. Sikes.

## Beatty Heads Jersey Association

Wayne Beatty of Dale Hill Farm Yellow Springs, Route 1, is the new president of the Miami Valley Jersey Breeders Association succeeding Robert Campbell who was named vice president recently. Howard Dumford was re-elected secretary-treasurer.

The association covers Clark, Greene, Montgomery, Miami, Preble and Champaign Counties.

May Fletcher Attack Victim

The many Yellow Springs friends of Miss May Fletcher will be sorry to learn that she was injured by a man in her grocery store at the corner of Cincinnati Ave. and W. Third St. in Xenia, last Friday night. She is in McClellan Hospital suffering from a fractured left arm and two scalp wounds.

Miss Fletcher was struck on the head from behind by a man who entered the store, supposedly to rob it, and left when her screams attracted Miss Margaret Kampman from another part of the store. Police are withholding details pending further investigation.

Miss Fletcher had been a member of the Yellow Springs Archery Club for a number of years but had not been shooting lately due to a bad arm.

HUSKY HUSTLERS PLAN SCRAP DRIVE

By KEITH SHERIDAN

The Husky Hustlers of 4-H Clubs are planning a scrap drive for January 30, from 8:30 a.m. to 4:00 p.m. A rain date has been set for February 7 if the weather is too bad. They are asking that people have their newspapers tied and on their front porches or sidewalks. If you have paper and cannot get it tied in bundles, please call Keith Sheridan at 7-3724 or Tom Griffin at 7-5122 and they will try to help you. In addition to newspapers the boys will also collect litter and rags.

With a Buckeye  
In Congress...

By CLARENCE J. BROWN  
Member of Congress, 7th Ohio District

The first Eisenhower budget, for the fiscal year of 1955 which starts July 1st next, was sent to the Congress last week. In it the President proposed total Federal expenditures for the coming fiscal year of \$65.6 billion, of which \$56.3 would be in new appropriations. The new budget is approximately \$5.4 billion less than expected expenditures for the present fiscal year. The deficit for the last fiscal year, which closed June 30th, was \$9.4 billion. It is estimated the deficit for the fiscal year will be \$3.3 billion, and for the new fiscal year of 1955 approximately \$2.9 billion, as a result of recent and expected cuts in Federal taxes.

By a vote of 51 to 33 the Senate late last week approved a bill to authorize the United States to cooperate with Canada in building of the St. Lawrence Seaway project. The controversial measure, which has been before Congress for more than twenty years, and the country for a half century, now goes to the House for its consideration. The legislation would provide for a waterway 27 feet deep from the Atlantic down the St. Lawrence River into the Great Lakes, and would permit ocean-going vessels to reach various lake ports in the interior of the country.

The House last week sent to the Senate a measure to create and construct an Air Force Academy, similar to our Military and Naval Academies, for training future officers of the Air Force. The bill provides the Academy shall be temporarily located at "some existing air base" until selection of a permanent site can be made by Air Force officials.

In a surprise move last week the Senate Interior Committee amended the Statehood-for-Hawaii Bill, which had previously passed the House, by adding to it a provision to grant Statehood to Alaska. Some observers believe the combining of the two Statehood Bills may result in neither Hawaii nor Alaska being admitted to the Union this year. President Eisenhower favors Statehood for Hawaii.

Twenty-four Members of the Senate have joined in introducing legislation to provide for Federal aid to the States to help finance construction of public school buildings where needed. The measure is patterned after present laws for Federal aid for hospital and highway construction, and carries ample safeguards against Federal control of education. The measure would carry out recommendations made to the Congress by the President in his recent State of the Union Message.

Early last week the Supreme Court, by a unanimous decision, outlawed censorship bans of controversial motion pictures by the States of New York and Ohio. The Court seemingly took the position that the freedom of speech and press provisions of the Constitution apply to motion pictures.

The Congress and the housewives of the nation are concerned over the rapidly rising coffee prices. Coffee is now selling at \$1.00 to \$1.10 a pound, presumably because of a short coffee crop in Brazil. Some legislators are urging a Congressional investigation of the whole coffee price and supply situation.

Out of 9500 top Government executives now being paid \$10,000 a year or more, only 1500 have been appointed by the Eisenhower Administration, and 8000 are holdovers from the Truman Administration. Most of these officials occupy policy-making positions, raising the question as to who actually controls the affairs of our Federal Government these days — the — Eisenhower Administration or the holdover officials from previous Administrations?

Testifying before the Senate Agriculture Committee last week on the President's proposed farm price support program, Secretary of Agriculture Benson warned that unless we adopt a flexible price support plan, big city consumers may soon revolt against the whole idea of farm price supports and demand their complete abolition. Benson insisted that most of the 140 million Americans who do not live on farms are not too much interested in the farm price support program. It, of course, can also be pointed out that without a prosperous agriculture, the rest of the nation does not remain prosperous for long.

Attorney General Brownell last week submitted to the House and Senate Judiciary Committees the details of President Eisenhower's recent proposal for revoking the citizenship of persons convicted of insurrection, or advocating the overthrow of our Government.

"Train a child in the way he should go and when he grows old he will not depart from it."

That's still good advice. The Communists and Communist-fronters have recognized the truth in this statement. By clever infiltration, they make their way into youth organizations where, under the cloak of respectability given by association, they are able to peddle their "red" bill of goods to unsuspecting and trusting children. The effectiveness with which they've done their job in the schools is provided to our sorrow by the black records of schools such as Harvard and Antioch. Schools with a notable tradition of service in education twisted, perverted, and converted to the Communist line until they have produced some of the most dangerous and despicable of the enemy agents among us. Too often, they have proved that if you train a youth in the way he should NOT go, when he becomes an adult he will NOT depart from it.

Many organizations, including the churches, are trying to give the youth of our nation interesting and constructive training. ... Among other things ... they sponsor Boy Scout troops. Altho some people have the mistaken idea that almost everyone in Yellow Springs is a Red ... or ... at best a "pink" ... this is not true. It is true that Yellow Springs has a dangerously and surprisingly high percentage of Commies and "pink" camp-followers. Black as the picture is ... it is not without redeeming beams of light and hope. For example ... Yellow Springs has an active Cub Scout movement ... sponsored ... we are told ... by the Methodist Church. Congratulations to the Methodist Church and ... to the Cub Scouts ... our Best Wishes!

Oliver Loud ... or ... if you prefer ... Dr. Oliver Loud has had neither the time nor the inclination to take advantage of our generous offer to allow him space in this paper in which to explain some of his past and current activities, which because of the nature of the groups in which he has chosen to be active, are activities of public interest and properly subject to public scrutiny and discussion.

Take the Cub Scouts ... for example. Oliver has, according to newspaper account and other reliable information ... seen fit to take part in Cub Scout activities. The numerous and notorious Communist-front connections of Dr. Oliver S. Loud alone create wonderment and surprise at his interest in the Scout movement. And ... while we were so breathlessly awaiting some clarifying word from Dr. Oliver S. Loud ... he found time to address a meeting of the Antioch College tentacle of the Young Progressives of America on Monday night of this week. WE'RE glad to know that Oliver is still up and about. We're not through with him. And ... what is the Young Progressives of America group ???

The YPA is described as follows in sworn testimony: "That is the youth arm of the Progressive Party ... which is under the direction of the political commission of the Communist Party."

Now ... it would be right handy for the Communists if they could take over the Cub and Boy Scout movement ... wouldn't it?

Of course ... we're sure that Oliver Loud was telling the Y. P. A. Monday night that they should quit following the Communist line and follow the Doc right into the Boy Scouts like good little kids? ...

But ... along with a whole passel of Communist-front hook-ups ... Dr. Oliver S. Loud is on record with a profession which conflicts harshly and sharply with the basic principles and tenets of the Scout movement.

The Scout Oath reads ... in part ... as follows: "On my honor, I will do my best - 1. To do my duty to God and my country, and obey the Scout law."

Section 12 of the Scout Law reads: "A Scout is reverent. He is reverent toward God."

Dr. Oliver S. Loud ... the same Oliver who was moving into the Scout movement ... has said ... and we quote:

"I have dropped the subterfuge of agnosticism - and

profess myself to be an atheist."

A Scout takes Oath ... on his honor to do his best to do his duty to God and his country.

Atheism positively rejects belief in God's existence.

If Dr. Oliver S. Loud has seen the error of his ways and sincerely wishes to subscribe to and support the simple ... but so far-reaching ... Boy Scout Oath ... he'll find thousands of hands eager to help and welcome him ... including the good people of the Methodist Church who sponsor the Scouts. If not — well — we'll be seeing ya, Doc.

Grandma says: One thing that'd help this nation more than considerable is to go back to the old country-boy practice of nailing skunk hides up on the barn door."

WHO SAID IT? ... "Sound the clarion ... fill the fife ... throughout the sensual world, proclaim - One crowded hour of glorious life is worth an age without a name."

LETTERS  
to the  
EDITOR

TO THE EDITOR:

The Bricker Amendment (S.J. Res. 1), which is scheduled for debate on the Senate floor this week, has the following three controversial sections:

1. A provision of a treaty which conflicts with this Constitution shall not be of any force or effect.  
2. A treaty shall become effective as internal law in the United States only through legislation which would be valid in the absence of treaty.

3. Congress shall have power to regulate all executive and other agreements with any foreign power or international organization. All such agreements shall be subject to the limitations imposed on treaties by this article.

Sections 4 and 5 deal with enforcement and ratification of the amendments.

The Yellow Springs League of Women Voters has recently concluded a study and discussion of the proposed amendment. By a unanimous vote of those present, the decision was reached to oppose the Bricker resolution on the grounds that it is not only unnecessary but dangerous to the future security of our country. The League of Women Voters of the United States, having tabulated the reports on this subject from its member Leagues throughout the United States, has taken a similar stand. The following are our reasons:

1. The national government must not be deprived of its full power to carry out treaty obligations in important areas of national policy by an amendment which would leave to the states the choice of implementation.

2. We must safeguard the constitutional system of checks and balances between the executive and legislative branches of the national government. We should not remove from the President his authority to fulfill his responsibility to act in times of national emergency as well as in the day to day conduct of foreign affairs.

3. It would be dangerous to make the negotiation and ratification of treaties more cumbersome. We feel that the present treaty-making procedure is already surrounded by constitutional and legislative safeguards, and that the Bricker Amendment would add hampering steps which would cast doubt on the ability and willingness of the United States to carry out its international obligations.

4. We do not share the fear on which the Bricker Amendment is based that the United Nations Charter and other international agreements could invade our constitutionally protected individual and states' rights. The League of Women Voters has long believed that the interests of the United States are best served by a foreign policy based on the principle of international cooperation.

5. We do not feel that it has been clearly shown that an amendment to the Constitution is needed. President Eisenhower, Secretary of State Dulles, and Attorney General Brownell are all opposed to the passage of such an amendment. A list of the supporters of the proposals likewise includes the names of many respected and distinguished government servants. Because of the sharp disagreement on this very serious subject we urge all citizens to familiarize themselves with the implications and possible consequences of such a change in our Constitution.

Mrs. Rollin T. Brewer, Jr., Pres. League of Women Voters of Yellow Springs.

(Editor's note: Altho it will not be our general policy to accept letters exceeding 200 words in length, we are printing this letter in full because of the nature of the subject and the submitting organization.

Ohio State Offers  
150 Scholarships

Continuing efforts to encourage outstanding high school seniors from throughout Ohio to study for careers as elementary school teachers, Ohio State University today renewed for the year 1954-55 its 150 four-year scholarships.

These scholarships, available to high school seniors in any of the 88 Ohio counties, provide for remission of the incidental fee for the students for four years, valued at \$540. Assistance also is provided by the university in enabling the student to find part-time employment.

The university instituted a program of scholarship aid for students studying elementary education a number of years ago. Initially a total of 88 scholarships were made available on the basis of one to each county. Last year the number was increased to 150 because of a continued shortage of elementary school teachers.

Application blanks for the scholarships may be obtained by writing to Dr. Bland L. Strandley, vice president of Ohio State University and chairman of the scholarship committee.

This is  
YOUR  
responsibility

A devastating attack by air could be launched on any spot in the United States at any minute.

While our Air Force and Army are on 24-hour alert to cope with such an attack their success depends on adequate detection.

Radar alone cannot provide it—we also need 300,000 more civilian volunteers in the Ground Observer Corps.

Filling this vital link is your responsibility. Do not fail your country, your family, and yourself.

Join the Ground Observer Corps — now!

Ohio Fishing  
Digest Ready

The 1954 Ohio fishing digest, containing regulations for the season, are now being mailed to license agents throughout the state.

The early mailing of the digests, which will put them in the hands of fishermen well before the March 1 deadline for 1954 fishing licenses, was accomplished by processing the digests at the Wildlife Division headquarters in Columbus.

The Ohio Wildlife Council has announced that the 1954 state game and fish hearings will be held on the same day. The date has been set for July 22.

It will mark the first time that the hearings have been held on the same day. Council spokesmen said that the change was made to eliminate excessive travel by sportsmen and farmer representatives to Columbus. The delegates to the 1953 game hearings went on record as favoring the combining of the two meetings.

It is planned to hold the state game hearing in the morning and the fish hearing in the afternoon.

Mr. George T. Minshall will soon join the staff of the E.F. Saylor Realty Co. at 227 Xenia Ave.

Our Area Now

Has 11,126 Phones

A program of building more outside lines to meet demands for new telephones and also enable the company to fill orders for customers wanting higher grades of service will require an expenditure of \$90,000 this year by the Ohio Bell Telephone Company in the Xenia area.

C. W. Gray, local commercial manager for the company, announced this figure today as he and other company supervisors from this area left for Dayton to attend the company's annual supervisory meeting at which President John A. Greene reviewed past results and outlined the telephone company's future program.

More than 350 supervisory employees from the company's Western Division attended the meeting which is one of several such sessions being held throughout the state.

During the past 10 years, Ohio Bell has spent \$2,863,000 on expansion and improvement in the Xenia area. This included erection of a new telephone building and inauguration of dial telephone service here in April, 1952.

With 441 telephones added last year, the Xenia area which includes the communities of Bellbrook, Bowersville, Cedarville, Clifton, Jamestown, Spring Valley and Yellow Springs has 11,126 telephones in service. The volume of local and long distance calls made here in 1953, averaged 33,810 a day.

Ohio Bell has been faced with heavy demands for higher grades of service such as changing from party lines to individual lines. In 1953, the company was able to complete 363 such requests here.

This necessity  
is taxed higher  
than most luxuries

Taxes add a lot to your phone bill.

You pay 15% federal excise tax on local service and on long distance calls under 25¢.

You pay 25% tax on long distance calls costing 25¢ and over.

## Wright Field Polio Festival

Employees at Wright-Patterson Air Force Base will launch their 1954 March of Dimes fund raising campaign with a four-day festival of dancing and entertainment to be held in the Base's Civilian Club January 27 through 30.

Proceeds from ticket sales will be proportioned to the Greene, Clark, and Montgomery county chapters of the National Foundation for Infantile Paralysis with the amount going to each chapter determined by the number of civilian employees living in the counties.

Clark Cross, Civilian Special Projects Officer, said no quota has been set for base employees to reach but it is estimated that more than \$30,000 will be raised through the project. In addition to the entertainment programs, 750 "Test Tube" collection boxes have been placed in offices on the base.

Entertainment for the festival will be furnished by radio station WJEL, Springfield, Ohio, which will also record the event and air the program at a later date. Dance music will be provided by members of the 661st Air Force Band stationed at WPAFB.

### HOSPITAL CARE GROWS

During 1953 Hospital Care Corporation recorded its largest membership gain since 1946, it was announced today.

A total of 92,704 new southwestern Ohio Blue Cross members were added to the rolls of Hospital Care Corporation last year. At the end of last year 1,123,974 Blue Cross members were enrolled, which represents approximately 60 per cent of the population served by Hospital Care Corporation.

## Blue Cross Payments Reach New High

For the first time in the history of Hospital Care Corporation monthly payments for Blue Cross members' hospital bills topped a million and a half dollars.

December payments for Southwestern Ohio Blue Cross members, including Greene County, totaled \$1,559,433.55. More than 14,000 hospital bills, representing approximately 95,000 days of hospital care, were paid by Hospital Care last month.

"Increased Blue Cross membership and a higher average cost per hospital bill resulted in last month's record payments," James E. Stuart, executive director of Hospital Care Corporation, said.

Stuart, who is also chairman of the National Blue Cross Commission, added that the 86 Blue Cross Plans in the United States and Canada are now paying an average of more than \$5-million a month for members' hospital care.

### Sen. Danner To Seek GOP Nomination

A post card "poll" of the more than 9,000 Republican precinct workers in Ohio by State Senator Fred V. Danner of Akron may mean that GOP State Chairman Ray Bliss has found a gubernatorial running mate for State Rep. William Saxbe.

Saxbe has announced that he will file in opposition to Congressman George Bender for the GOP nomination for U. S. Senator. Sen. Danner is asking OHIO GOP workers to tell him whether or not they will circulate his petition for governor. A fellow townsman of Ray Bliss, Danner is not considered likely to have conducted the poll without the sanction of the GOP state chairman.

No information regarding the response to Sen. Danner's unusual "poll" has been released.

### Dairy Unit To Meet

Dr. Fordyce Ely, chairman of the department of animal science at Ohio State University, will be guest speaker at the annual membership meeting of the Greene County Dairy Service Unit at Tecumseh School, Thursday, February 4, at 8 p.m. according to County Agent E. A. Drake.

Charles Baldwin, field representative of the Central Ohio Breeders' Association will report on the research program on freezing semen and the bull proving program.

The program committee composed of Clark Meredith, Glenn Charles and William Stover, in addition to the guest speakers and brief association reports the program committee of Clark Meredith, Glenn

Charles and William Stover is arranging for special entertainment.

A committee of Harlan Butts, Neal Beard and Ben Jenks are arranging for refreshments and door prizes. Awards also will be made to herd owners with high herds and high individual cows on test.

A children's nursery will be operated by the Happy Workers 4-H Club of Cedarville, with Mrs. Mary Mott as advisor.

Directors from six townships, New Jasper, Ross, Silvercreek, Spring Valley, Sugar Creek and Xenia, will be elected for two-year terms. Nominating committee members are Herman Armstrong, Everett Gregg and Milo Cooper.

H. E. Eichman is chairman of the 12 member board, Fred Williamson is vice-president and William Shawhan, secretary.

## Happy Wife

Broadway and film star Jessica Tandy is co-starred with her husband, Hume Cronyn in WLW-NBC's "The Marriage," a radio series about a happy family and their small daily dramas aired Sundays at 7:30 p. m., EST.

#### New Mortuary

Last Monday night the Planning Commission met and approved a proposal brought to them that the Snyder home located at the corner of Xenia Ave., Limestone St. and Walnut St., be used as a mortuary. This is a very dangerous corner and there would be a parking problem. A sketch was presented to the Commission showing a circle drive around the house and plans were told of removing the present garage which would make room, in all, for the parking of 20 cars which would be adequate for the average funeral.

Kenneth Coffman, Fred Lemke, a representative from the school board, and a representative of the Presbyterian Church, met and approved these sketches and plans before they were submitted to the Planning Commission. It was made clear that the point in front of the house was to be left clear and plans for beautification were expected to be under way in the near future.

The Recreation Committee will be invited to meet with the Planning Commission at their next meeting at the Opera House, February 8, at 8:00 p.m. for the discussion of recreation land available to the town. It was brought out

#### New Mortuary

Last Monday night the Planning Commission met and approved a proposal brought to them that the Snyder home located at the corner of Xenia Ave., Limestone St. and Walnut St., be used as a mortuary. This is a very dangerous corner and there would be a parking problem. A sketch was presented to the Commission showing a circle drive around the house and plans were told of removing the present garage which would make room, in all, for the parking of 20 cars which would be adequate for the average funeral.

Kenneth Coffman, Fred Lemke, a representative from the school board, and a representative of the Presbyterian Church, met and approved these sketches and plans before they were submitted to the Planning Commission. It was made clear that the point in front of the house was to be left clear and plans for beautification were expected to be under way in the near future.

The Recreation Committee will be invited to meet with the Planning Commission at their next meeting at the Opera House, February 8, at 8:00 p.m. for the discussion of recreation land available to the town. It was brought out

that the Gaunt land will not be available to the town until the fall of 1954. What seems to be needed is a combination ball park and picnic area. Dr. Kenneth Hunt envisioned in the part of the Glen that has been offered for town use a pond of uniform depth, with a sandy bottom and a picnic area.

Anyone with plans or suggestions in mind for town recreation are asked to present them next Monday night.

## MAYOR'S COURT

Mr. McPherson, 30, of Xenia was arrested and was charged with disorderly conduct. He was fined costs of \$5.00 and was warned to drink beer on the premises and not in cars on the street. Miss Norma Pertle was similarly charged and fined the same.

Harry J. Briggs of Park Hills Ky., was arrested for speeding and forfeited a \$10 bond by not appearing in court.

Louis Boyer, 10, of St. Marys, Ohio was arrested for exceeding the speed limit and was fined \$10 and costs of \$5.

Leon Buffenburger, of Cedarville, forfeited a \$3.00 bond by not appearing in answer to a charge of

double parking. Four juveniles have been picked up in Yellow Springs as runaways in the past 2 days. Tuesday afternoon about 4:00 two boys from Springfield were detained, and at about 1:00 a.m. Wednesday two more boys from Cincinnati were found and turned over to juvenile authorities in Xenia. There have been more than six boys picked up here in the past two weeks.

### DEATHS

Dr. James Nickens of 2194 E. 83rd St., Cleveland, died Monday at his home according to word received by relatives in this city.

Dr. Nickens, who is survived by his widow, Mrs. Cornelia Nickens, is survived by a number of relatives in Springfield, Yellow Springs and Xenia.

## Star-Lites

MOVIES, MIKES and TELEVISION TALK  
By INEZ GERHARD—ANS Features

EVE ARDEN, star school teacher on CBS Radio's Sunday evening "Our Miss Brooks," has just added another award to her already lengthy list of honors. Five hundred radio and TV editors have now selected her "Woman of the Year" in radio. "Our Miss Brooks," a delightful comedy series, has steadily increased in popularity during its six years on the air and many of her most ardent fans are the country's finest educators.

EVE ARDEN

PRAYERS—CBS' John Henry Faulk, the Texas philosopher, tells the one about Boots Cooper, a good-hearted old boy and pretty religious. "But he was all-fired lazy. He had a prayer framed right over his bed and every night he would hop into bed, point at it and say, 'Them's my sentiments.'"

A YOUNG EMIGRANT, a church and a red rose combine to make "The Cavalcade of America's 'Man of Glass'" a highlight for this month. The boy was Henry William Steigel, an immigrant who became a fabulously rich glass maker, known as the Baron of Pennsylvania. In 1770 he built the church, in Manheim, Pa. Ever since then, on the second Sunday of June, a red rose has been laid on the altar, originally as rent, now as a tribute to Steigel. Robert Straus plays Steigel. Cavalcade is seen on ABC network Tuesday evenings. A more famous American, Samuel Morse, is the hero of the next Cavalcade broadcast, "What God Hath Wrought," a story of Morse's fight to obtain recognition for the first telegraph.

MARK STEVENS, who stars on "Martin Kane" mystery drama show (NBC-TV Thursdays, 10 p.m.) has developed one of the strongest television fan followings, judging by the mail that comes in. Stevens does a terrific job in portraying the role of a private investigator who does not depend on guns or his fists to get results, but who carries through his assignments with a tense dramatic feeling that makes this one of the best dramatic shows on the air—even including non-mystery shows. Now in its fifth consecutive year on television, we predict "Martin Kane" will rate higher than ever before. And while we are complimenting this program, let's give it another bouquet for its public service in giving its time to the American Medical Association about once a month for the AMA "March of Medicine" progress report. We need more of this cooperative spirit on the part of sponsors.
